

Dear Participants,

Below please find some practical information for your stay in Jerusalem.

1. Transportation from the airport to Jerusalem:

When you exit the main hall of the airport, turn right and you will see a taxi service to Jerusalem called “Nesher” (<http://www.neshertours.co.il/about-us>).

These taxis gather 10 people and leave for Jerusalem. They drop people according to their hotel address/home address.

The price is 64 NIS (1 Euro=3.9 NIS; 1USD=3.7 NIS) and this is the cheapest way to get to Jerusalem. Private taxi service is also available at the exit of the main arrival hall (about 250-300 NIS but possibly much more expensive).

2. Venue of the workshop

The workshop takes place in the Rabin Building of the Mt. Scopus Campus, room 2001. In case you stay in the Maierdsdorf Faculty Club (Beit Maierdsdorf), you can go through the campus more or less directly, use the tunnel under the Law Faculty and reach the Rabin Building, which will be located on the left side behind the Botanic Garden of the campus (see the building in the top of the map below and the Maierdsdorf Faculty Club in its lower part).
